

Thank You for Voting PBH #1!

Peninsula Behavioral Health has been voted #1 Mental Health Facility in the 2026 Best of Clallam County!

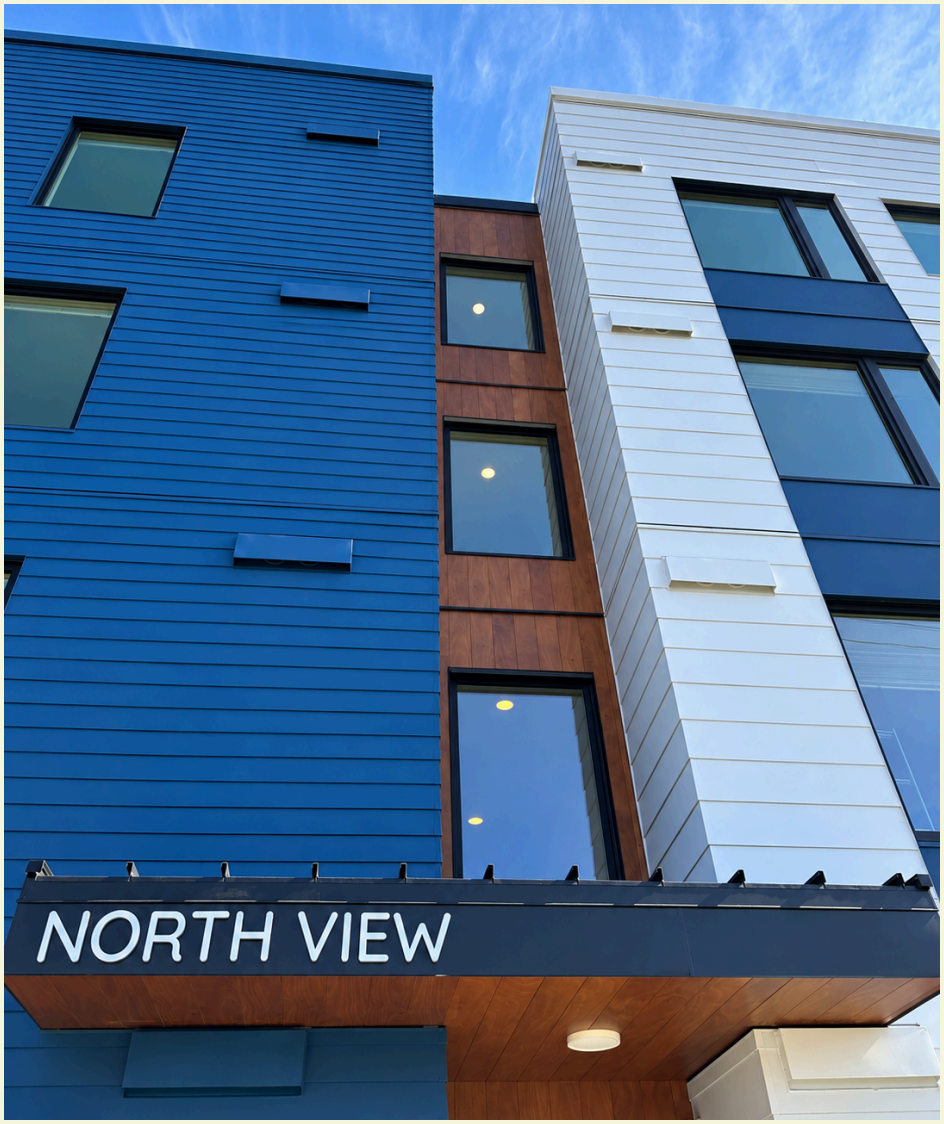

Thank you to everyone who voted for PBH. This recognition reflects the trust our community places in us and the dedication our staff brings to supporting children, adults, and families every day.

Seeking behavioral health care is a personal and meaningful step. We are grateful for the opportunity to walk alongside individuals and families as they work toward better health, recovery, and greater stability.

To our staff, thank you for your compassion, expertise, and commitment. To our community partners, donors, and supporters, thank you for helping make this work possible.

We are proud to serve Clallam County and remain committed to providing welcoming, accessible, comprehensive behavioral health care.

North View:
A New Chapter Begins

Residents began moving into North View in September, marking an exciting milestone for PBH's new 36-unit permanent supportive housing community in Port Angeles.

For people who have experienced housing instability while managing behavioral health challenges, a permanent home can provide the

foundation for greater stability. It offers a place to rest, establish routines, and focus on personal goals while remaining connected to support.

North View expands PBH's commitment to pairing stable housing with access to behavioral health services. We are grateful to the partners, supporters, and community members who helped bring this project to life. As residents settle into their new homes, we celebrate the possibilities that begin with having a place to call your own.

Help Create More Space for Youth and Families

PBH served 893 young people in its most recent fiscal year, reflecting the growing need for youth behavioral health care in our community.

Our planned Youth and Family Services Center will expand clinical space for children, adolescents, and families. Plans include 22 clinical offices, group rooms, and dedicated spaces for play, sensory, and art therapy, along with areas that support family participation and community connection.

This investment will help PBH respond to growing needs and create welcoming spaces designed for youth behavioral health services.

Community support is essential to moving this project forward. A gift to the Youth and Family Services Center is an investment in local children and the families who care for them.

To learn more or discuss a contribution, contact the Development Department at **dev@peninsulabehavioral.org** or (360) 457-0431.

CCBHC Corner:
More Ways to Access Care in 2027

Peninsula Behavioral Health is preparing to begin participation in Washington's Certified Community Behavioral Health Clinic (CCBHC) Medicaid Demonstration on January 1, 2027.

As part of this transition, PBH plans to offer Saturday appointments and extended weekday hours in 2027, creating more opportunities to access care around work, school, and family responsibilities. We will share specific schedules, locations, and appointment information as details are finalized.

The CCBHC model will also strengthen coordination among mental health care, substance use disorder treatment, primary care, and other supports. For individuals and families, this means helping connect the services they need and supporting their care across programs.

These efforts build on PBH's commitment to making compassionate, comprehensive behavioral health care more accessible throughout Clallam County. Watch for more updates as we prepare for January and the year ahead.

Connect with PBH in the Community

PBH will be at several community events this October! Stop by our table to learn about services, ask questions, and find out how you or a loved one can get connected to care.

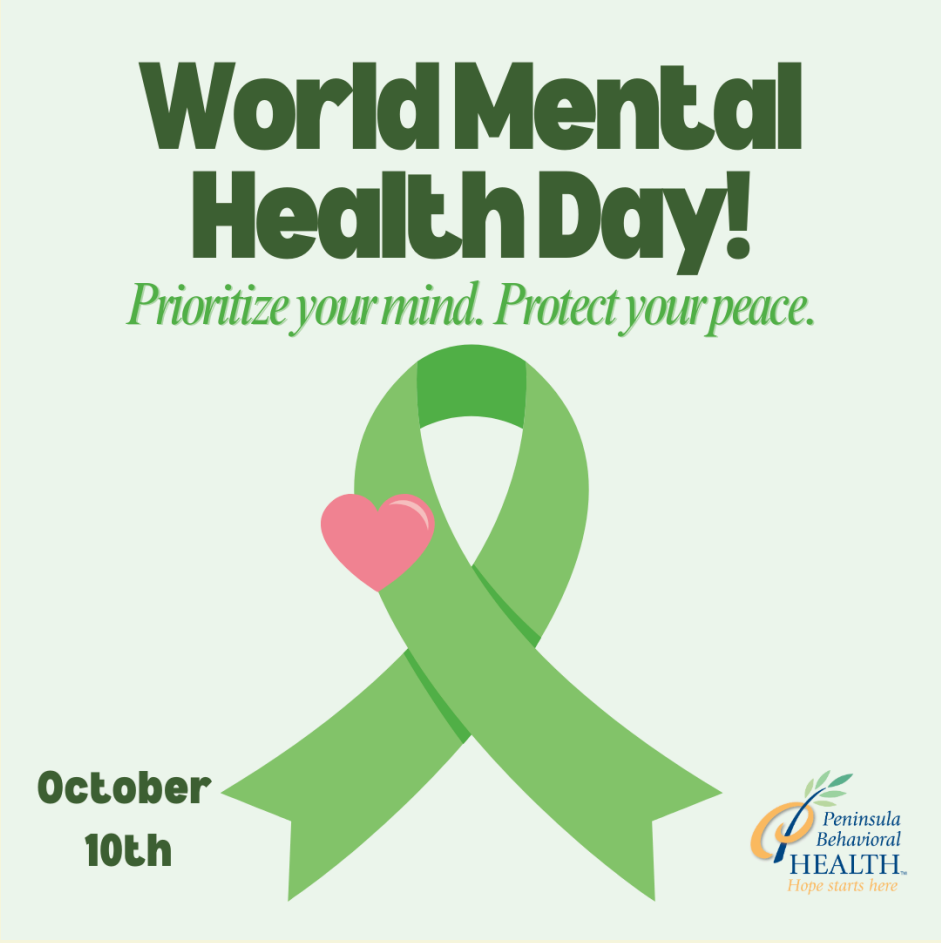

Public Safety Fair
Saturday, October 3 | 9 a.m.–4 p.m.
Guy Cole Convention Center, Carrie Blake Park, Sequim

Get Ready for Winter
Friday, October 23 | 9 a.m.–noon
Sequim Food Bank
144 W. Alder St., Sequim

Port Angeles Senior Center Health & Information Fair
Friday, October 23 | 10 a.m.–noon
Port Angeles Senior Center
328 E. 7th St., Port Angeles

We look forward to connecting with you!

World Mental Health Day: Make Time for Your Well-Being

October 10th is World Mental Health Day and a reminder that mental health deserves our attention throughout the year.

Anxiety, depression, grief, and everyday stress can affect how we feel, connect with others, and manage daily life. You do not have to wait until things feel overwhelming to reach out for support.

PBH offers behavioral health services for children, adults, and families. Whether you are seeking help for yourself or someone you love, our team can help you take the first step.

This month, make time to check in with yourself and the people around you. A simple “How are you doing?” can open the door to a meaningful conversation.

PBH by the Numbers

Behind every number is a person, a family, and a story.

From a child learning to manage anxiety to an adult reaching out during a crisis, every service represents an opportunity to offer support and hope. PBH’s impact across our community includes:

- **4,000+ people served**
- **94,798 services provided**
- **16,816 individual therapy sessions**
- **16,342 telehealth sessions**
- **7,415 crisis services**
- **893 children served**
- **1,173 primary care appointments**

These numbers reflect the dedication of our staff and the importance of accessible, comprehensive care in Clallam County. They also represent people taking meaningful steps toward better health, stronger relationships, and greater stability.

Thank you to our community partners, donors, and supporters for helping make this work possible.

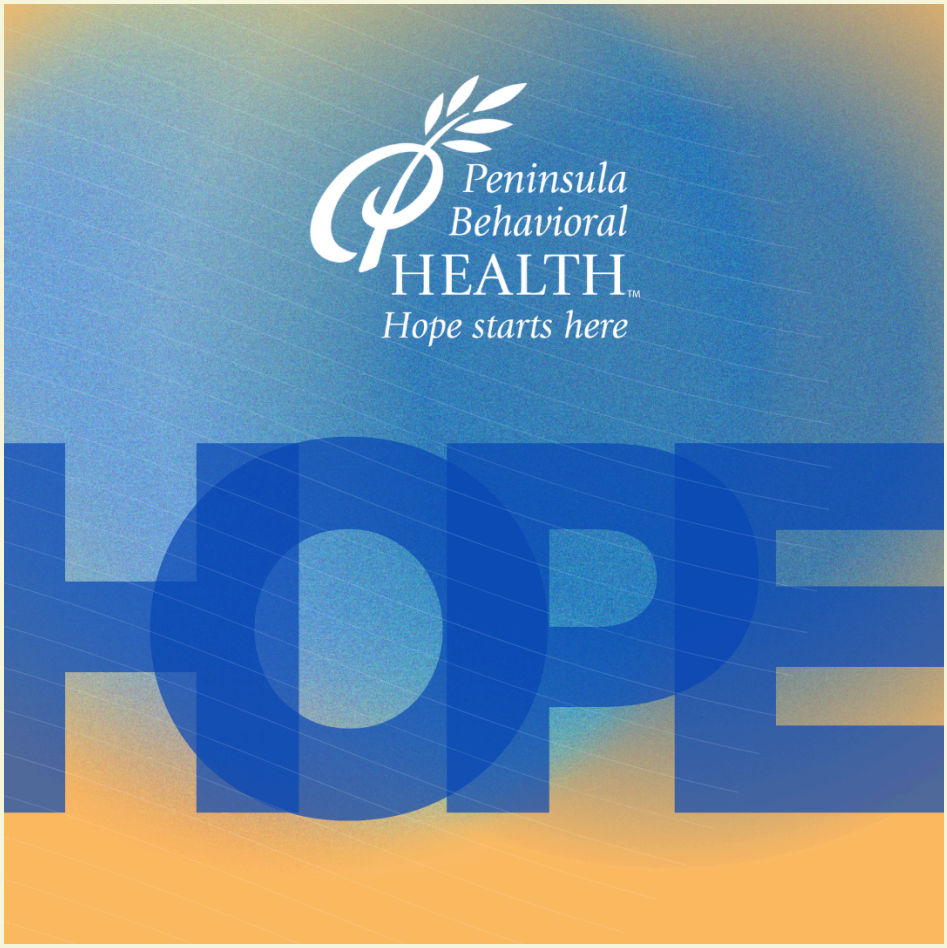

October Office Closure

PBH offices will be closed Monday, October 12th, in observance of Indigenous Peoples' Day, and will reopen Tuesday, October 13th at 8 a.m.

We recognize and honor Indigenous peoples and the enduring contributions of Tribal communities across the Olympic Peninsula.

Make Hope Part of Every Month

Hope Starts Here—and grows through the kindness of supporters like you.

As we welcome fall, you can help keep compassionate care within reach for children, adults, and families throughout Clallam County. Becoming a Monthly Hope Partner provides dependable funding that helps Peninsula Behavioral Health respond to community needs throughout the year.

Every monthly gift helps:

- $25/month helps provide basic client necessities and recovery resources.
- $50/month helps reduce barriers to care, including transportation needs.
- $100/month helps sustain programs that support health, recovery, and well-being.

A recurring gift is a simple, convenient way to make a lasting difference.

Your generosity helps people find support through difficult seasons and take meaningful steps toward a healthier future.

Become a Monthly Hope Partner this October. Help ensure Hope Starts Here—every month.
